

# DEPARTMENT OF THEATRE ARTS

## Proposal for an Honors Project (THTR:4692)

### Honors Project Requirements

---

1. Be a Theatre Arts major and remain a Theatre Arts major while completing the Honors project;
2. Complete at least one Theatre Arts Honors course before the project will be approved;
3. Have three Theatre Arts Honors courses completed or under way in the semester in which the project is scheduled;
4. Apply for approval of the project by April 1 of the year before it will be scheduled. Projects are not guaranteed a production slot.

Most Honors projects include: a major writing component, a public presentation of the work, and an oral examination or discussion of the work with the student's Honors Advisor.

Two semesters before the planned honors project, the Honors Candidate will select a topic and submit a formal prospectus for approval by the project and honors advisors. The candidate will complete the project under faculty supervision during his/her final semester (with enrollment in **THTR:4692**).

Students planning to complete the Honors Program are encouraged to indicate this intention to the department honors advisor, Loyce Arthur, [loyce-arthur@uiowa.edu](mailto:loyce-arthur@uiowa.edu).
